

NORTHERN PALM BEACH COUNTY IMPROVEMENT DISTRICT CANAL CLEAN-UP

Litter and pollution in our canals is a growing and potentially hazardous problem. Litter carried by wind, traffic, animals and water can restrict water flow, pollute the water with unhealthy chemicals, trap or harm wildlife, provide a breeding ground for mosquitoes, and damage canal structures and equipment.

RAIN OR SHINE, JOIN US AS WE PARTICIPATE IN THE

**SATURDAY, APRIL 18, 2009, 8:00 A.M. THRU NOON AT
EITHER OF THE FOLLOWNG LOCATIONS:**

1. Haverhill Road north of Caribbean Boulevard, field on east side of street just south of canal
2. Red Lobster back parking lot, 2201 Palm Beach Lakes Boulevard, West Palm Beach

Please contact Ken Roundtree, project coordinator, at 561-624-7830 to pre-register or request more information.

- fulfill your community service hours
- help keep your neighborhood safe & beautiful
- help make Palm Beach County a truly “green” place to live

NPBCID ~ working with the
Keep Palm Beach County
Beautiful, Inc. & the Solid
Waste Authority to keep our
County beautiful.

NPBCID will supply safety equipment, gloves, litter grabbers and garbage bags as needed. Volunteers will receive safety and procedural instructions prior to the first cleanup. Water will be available throughout the clean-up. All groups will need at least one adult supervisor for every six children under the age of 18, and all participants must be at least 12 years old.
